

New
Empirical
Industrial
Organization
& the Food System

Edited by
Harry M. Kaiser
and Nobuhiro Suzuki

Table of Contents

List of Illustrations	vii
List of Tables	ix
Preface.....	xi

PART I – THEORY AND TOOLS

- 1 New Empirical Industrial Organization Theories and Their Application to Food System Analyses..... 3
N. Suzuki and H.M. Kaiser

PART II – FARMER OLIGOPOLY STUDIES

- 2 An Analysis of U.S. Dairy Policy Deregulation Using an Imperfect-Competition Model 65
N. Suzuki, H.M. Kaiser, J.E. Lenz, and O.D. Forker
- 3 Evaluating Generic Milk Promotion Effectiveness with an Imperfect-Competition Model 85
N. Suzuki, H.M. Kaiser, J.E. Lenz, K. Kobayashi, and O.D. Forker

PART III – PROCESSOR OLIGOPOLY STUDIES

- 4 Market Conduct under Government Price Intervention in the U.S. Dairy Industry..... 103
D.J. Liu, C-H. Sun, and H.M. Kaiser
- 5 Oligopoly Power and Allocative Efficiency in U.S. Food and Tobacco Industries 125
S. Bhuyan and R.A. Lopez

PART IV – OLIGOPOLY AND OLIGOPSONY

- 6 Testing Oligopolistic and Oligopsonistic Behavior: An Application to the U.S. Meat-Packing Industry 143
A.M. Azzam and E. Pagoulatos

7 An Assessment of the Impact of Food-Industry
Market Power on U.S. Consumers 155
R.J. Sexton and M. Zhang

8 Measuring Market Power in Bilateral Oligopoly:
The Wholesale Market for Beef 195
J.R. Schroeter, A.M. Azzam, and M. Zhang

PART V – SPATIAL AND DYNAMIC EXTENSION OF OLIGOPOLY MODELS

9 A Spatial-Equilibrium Model for Imperfectly
Competitive Milk Markets 231
T. Kawaguchi, N. Suzuki, and H.M. Kaiser

10 A Dynamic Model of Oligopoly in the Coffee Export Market 249
L.S. Karp and J.M. Perloff

PART VI – PRODUCT-DIFFERENTIATED OLIGOPOLY MODELS

11 Explaining Pricing Conduct in a Product-Differentiated
Oligopolistic Market: An Empirical Application of a
Price Conjectural-Variations Model 271
J. Kinoshita, N. Suzuki, and H.M. Kaiser

12 Market Share and Price-Setting Behavior for Private Labels
and National Brands 285
R.W. Cotterill and W.P. Putsis, Jr.

13 Measuring Oligopolistic Distortion in the U.K. Frozen-Potato-
Product Sector: A Calibration Modeling Approach 313
A.L. Tiffin and P.J. Dawson

PART VII – SUMMARY

14 New Empirical Industrial Organization and the Food System:
Summary 331
H.M. Kaiser and N. Suzuki

List of Contributors351

Index353

Illustrations

1.1	External Diseconomy and Competition Policy.....	10
1.2	The Degree of Vertical and Horizontal Competition in Japan's Milk Markets	35
1.3	Export Subsidy Equivalents	40
1.4	Four Types of Export Subsidy Equivalents	43
7.1	Market Equilibrium under Processor Oligopoly and Oligopsony Power	163
7.2	Successive Oligopoly Power with Processor Oligopsony Power.....	166
7.3	Successive Oligopsony Power with Retailer Oligopoly Power	167
7.4	Impact of the Choice of Demand Elasticity on the Calculation of Welfare Loss due to Imperfect Competition	177
7.5	The Effect of Oligopoly Power on Consumer Welfare.....	180
7.6	The Effect of Oligopsony Power on Consumer Welfare	181
7.7	The Effect of Market Power on Consumer Welfare	182
7.8	The Effect of Market Power on Total Welfare	183
7.9	The Effect of Market Power on the Distribution of Welfare	183
7.10	The Effect of Successive Market Power on Consumer Welfare	185
7.11	The Effect of Successive Market Power on Total Welfare.....	186
7.12	The Effect of Successive Oligopoly Power on the Distribution of Welfare	186

7.13 The Effect of Successive Oligopsony Power on the
Distribution of Welfare 187

8.1a The Bilateral Price-Taking Solution 199

8.1b The Manufacturer Price-Taking Solution..... 200

8.1c The Retailer Price-Taking Solution 201

8.2a Price and Quantity Observations Reconciled with
the BPT Solution 205

8.2b Price and Quantity Observations Reconciled with
the MPT Solution with Pure Monopsony 206

10.1 Exports under Various Models 263

10.2 Actual and Simulated Exports 264

Tables

2.1	Differences between Effective Fluid-Milk Prices Estimated by Equation (13) and the “Announced” Cooperative Class I Prices Reported by the USDA	71
2.2	The Estimated Equations	73
2.3	Definitions for the Variables Used in the Equations Presented in Table 2.2	74
2.4	Estimated Degree-of-Competition Parameters	77
2.5	Mean Absolute Percent Errors.....	79
2.6	Estimated Effects of Deregulation	81
3.1	Marginal Rate of Return to Promotion, $\partial P_f / \partial L$, and θ	96
4.1	Variable Definitions and Data Sources	115
4.2	Estimated Manufactured and Fluid Inverse Demand Equations	116
4.3	Estimated Manufactured and Fluid Processor First-Order Conditions	118
4.4	Simulated Manufactured and Fluid Conjectural Elasticities.....	119
5.1.	Allocative Efficiency Loss and Parameter Estimates for U.S. Food and Tobacco Industries.....	131
5.2	Comparison of the NEIO-Based Oligopoly-Induced Allocative Efficiency Loss Estimates in U.S. Food Manufacturing Industries with Earlier Estimates	135
6.1	Estimated Parameters of the Model	151
8.1	Maximum Likelihood Estimates of the BPT, MPT, RPT, and NST Models	218
8.2	Hypothesis Test Results.....	219

9.1	Observations in 1989.....	239
9.2	Dual-Structure Spatial Perfect-Competition Equilibrium.....	241
9.3	Dual-Structure Spatial Monopoly Equilibrium.....	243
9.4	Dual-Structure Spatial Cournot-Nash Equilibrium.....	244
9.5	Dual-Structure Spatial Equilibrium in the Case Where Agent 1 Is a Price-Taker and Others Are Individual Cournot-Nash Players	246
10.1	Adjustment Equations: Regression of Exports on Lagged Exports	257
10.2	Classical and Bayesian Inequality-Constrained Estimates	259
10.3	Distribution of v^k Based on Bayesian Estimates	261
10.4	Simulated Exports under Various Models	262
11.1	Estimated Coefficients.....	279
11.2	Sample Means, Elasticities, Price Reactions, and Consistent Conjectures.....	280
12.1	Definitions of Variables Used in the Analysis	293
12.2	A Summary of Maintained Hypotheses.....	297
12.3	Estimation Results for the Price Model	302
12.4	Estimation Results for the Full Power and Promotion Model.....	303
12.5	Estimated Demand Elasticities.....	306
13.1	Theoretical Conjectural-Variation Estimates	321
13.2	Actual Conjectural-Variation Estimates	322
13.3	Prices and Quantities with Different Competition in the U.K. Sector.....	323
13.4	Optimal Production Subsidy and Price and Quantity Effects of Oligopolistic Distortion in the U.K.....	324
13.5	Actual Welfare Levels.....	324
14.1	Estimated Market-Power Parameters for the U.S. Food Industry	344
