Contents

List of Figures	xiii
List of Tables	xv
List of Abbreviations	xvii
0 Introduction and Overview	1
1 The Dynamics of Ethnicity	13
1.1 Introduction	13
1.2 General attributes of ethnicity and key models	14
1.3 Basic model	17
1.4 Country equilibria	21
1.4.1 Theoretical considerations and base scenario	21
1.4.2 Group constellations and cost assumptions	24
1.4.3 Economic growth and immigration	25
1.5 Extensions with international trade	27
1.6 Conclusion	30
2 Drivers of Ethnic Fragmentation	33
2.1 Introduction	33
2.2 Framing ethnicity	35
2.3 Potential drivers of ethnic fragmentation changes	37
2.3.1 Evolutionary and historical factors	37
2.3.2 Socioeconomic and policy factors	39
2.4 Empirical strategy and data	43
2.5 Results	46
2.5.1 Influential factors on a ‘base-level’ of fragmentation	46
2.5.2 Drivers of fragmentation level changes	51
2.6 Conclusion	57

3	Measuring Ethnic Diversity	59
3.1	Introduction	59
3.2	Different aspects of ethnicity and its measurement	61
3.3	Calculation of the distance values	64
3.3.1	Language classification	64
3.3.2	Ethno-racial distance	65
3.3.3	Religious classification	67
3.3.4	Other socioeconomic aspects	68
3.4	Data description and comparison with other sources	69
3.5	DELF operationalization	72
3.6	Results	76
3.6.1	Diversity measure within countries	76
3.6.2	Similarity measure between countries	79
3.7	Conclusion	82
4	The Implications of Ethnic Diversity	85
4.1	Introduction	85
4.2	Overview of relevant indices	87
4.3	Implications of ethnic diversity on conflict	89
4.4	Implications of ethnic diversity on growth	91
4.5	Implications of ethnic diversity on trust	97
4.6	Implications of ethnic diversity on trade	102
4.7	Conclusion	106
	Appendices	110
A	Appendix – Chapter 1	111
A.1	Mathematical Appendix	111
A.1.1	Partial derivatives	111
A.1.2	Relative group sizes and overall ELF values	112
A.2	Additional figures and tables	115
B	Appendix – Chapter 2	117
B.1	Details of key variables	117
B.2	Additional regressions and robustness checks	120
C	Appendix – Chapter 3	125
C.1	Data robustness and alternative data	125
C.1.1	Data robustness checks	125
C.1.2	Alternative similarity values	127
C.1.3	Characteristics of different ethnicity measures	130

C.2	Details on similarity calculations, weighting and its implication for the interpretation of results	131
C.2.1	Similarity matrix calculations	131
C.2.2	Arithmetic mean	133
C.2.3	Geometric mean and partly compensating methods	134
C.2.4	Principal component analysis	136
C.2.5	Implications of similarity value construction	138
C.2.6	Details of similarity interpretation between countries	140
C.2.7	Details of population weighting for regional means	141
C.3	Detailed DELF data per country	143
D	Appendix – Chapter 4	151
D.1	Summary statistics for all replications	151
D.2	Marginal effects of <i>DELF</i>	154
	Bibliography	155
