Preface by Martin von Hirschhausen.....	13
The Art of Thinking, or: On the Grammar of the Soul	15
1.1 Introduction	16
1.2 The problem is as follows.....	23
1.3 The usual situation: the operating manual is missing.....	26
1.3.1 What is to be done? In theory: questions, activism, and an interest in art	28
1.3.2 What is to be done? In practice, nothing.....	30
1.3.3 Why there is no supply-chain management of thinking	31
1.4 Debottlenecking the Humanities: A Model from the Basements of the Soft Disciplines.....	32
1.4.1 Information on the form: A flowchart.....	34
1.4.2 Information on the Content: Sense of Beauty as the Operating System of the Psyche	36
1.4.3 Interim stocktaking: definition of consciousness, part 1	38
1.4.4 Why consciousness is considered a mystery.....	39
1.4.5 Overall inventory: Definition of consciousness, Part 2	42
1.5 Modern mastermind training with a cognitive master key.....	43
1.5.1 The list of one-sided HR which are listing up	44
1.5.2 The new (or old) demand placed on the leadership of the industry of tomorrow	46
1.5.3 The Modules	47
1.5.4 The Benefit of the Modules	49
1.5.5 The transition to the technical notes.....	53
1.6 The Model: Construction Manual for the Basic Starter Kit "Consciousness"	54
1.6.1 Stage 1: Four feelings on four paths	55
1.6.2 Stage 2: Again four feelings and four other paths.....	58
1.6.3 Stage 3: The royal road, the only one of its kind.....	62
1.6.4 Cultural analysis of level 3 from the perspective of anthropologists.	64
1.6.5 Risk analysis from the perspective of art history, psychiatry, and the Vatican	66

1.7	Summary of THE ART OF THINKING.....	69
-----	-------------------------------------	----

The Art of Communication, or: On the Rhetoric of the Good 73

2.1	Introduction	74

2.2.1	The advice of communication scholars.....	82
2.2.2	The Two Directions of Written Communication in Companies	84
2.2.3	The stylistic devices of vertical and horizontal.....	85
2.2.4	The Lost Stage 2: One Is Always Missing.....	88
2.2.5	Four recommendations.....	89
2.3	The (un)canny values of economy	92
2.3.1	Beauty and values in philosophy over time	93
2.3.2	The modern code of values: A question of honor.....	116
2.3.3	The Ten Commandments of Freedom.....	116
2.3.4	Semi-paradoxical collateral values: humility, freedom, added value.....	122
2.3.5	Gaps in the system.....	125
2.3.6	The suitability test.....	126
2.4	The Ten Rules of Respect	127
2.5	Summary of the ART OF COMMUNICATION	133

The Art of Creativity, or: On the Music of Soft Tones 139

3.1	Introduction	140
3.2	Design Thinking.....	144
3.3	List of Creativity Techniques in Creative Marketing Management... ..	144
3.4	Disadvantages of industrial creativity techniques: operation successful, patient dead.....	146
3.5	Buzzword list for creative use in creativity presentations.....	149
3.6	With the Bible in hand into the flowery artists' land	149
3.7	The Rules of Creativity, or: What Artists Recommend	151
3.7.1	The Hare on the Front of the Postcard.....	152
3.7.2	The rules on the back of the postcard	154
3.8	Rules of Creativity, Part 3: Artistic Insider Information	162
3.9	What remains: Guidelines for handling creatives	168

3.10	Risk management of the soul: guidelines for dealings with the extreme.....	173
3.11	Summary of THE ART OF CREATIVITY.....	177

The Art of Political (In-)Correctness, or: The Dialectic of the Dark Side of Consciousness..... 179

4.1	Introduction.....	180
4.1.1	Techniques for dealings with the lie and common empathy	182
4.1.2	The two kinds of liars.....	183
4.1.3	Satanically black rhetoric	185
4.2	Empathy and Narcissism.....	190
4.3	Sublimity in the Light of Cultural Studies.....	194
4.3.1	The pleasure in politically incorrect overexertion in the course of history.....	196
4.3.2	When the Grim Reaper Rings Three Times.....	200
4.3.3	Sublimity in the Theories of Science and Economy	203
4.4	The two sides of the soul and of the economic basis of trust	206
4.4.1	The entrepreneurial disadvantages of dark souls.....	208
4.4.2	Employees with and without team skills that serve the company...	209
4.4.3	Gender bon mots from Sissi in Team Khan	211
4.5	Summary of the ART OF POLITICAL (IN-)CORRECTNESS	217

The Art of Dealing with Not-Knowing, or: The Astronomy of Cognitive Blank Spaces..... 223

5.1	Introduction.....	224
5.1.1	Examples of the Indeterminate Inside and Outside the Economy...	225
5.1.2	The philosophical formula for indeterminacy: nescio quid.....	227
5.1.3	Nescio Meets Bow	230
5.1.4	Interposed Question: Is Introversion a Competitive Advantage?	233
5.2	Imperfection: humanities jargon for being able to talk errors into something beautiful	236
5.3	The Functions of the Indeterminate: Indirect Access through the Back Door	240
5.3.1	The ground of mechanics: the necessary forgetting.....	240
5.3.2	On the necessity of brief peaks of beauty	242
5.3.3	The two constructions of the mechanism.....	245
5.3.4	Wear-and-tear damage: The cultural counterpart to pig cycles	246

5.4	Indeterminacy at the margins of economics	248
5.5	The intercultural “Clash of Nothings”	250
5.6	Summary of THE ART OF DEALING WITH INDETERMINACY.....	252

The Art of Antilogical Thinking, or: The Geometry of Thinking Errors 255

6.1	Introduction	256
6.2	The archetypes of all errors	257
6.2.1	The inductive fallacy: Unexpected, but not impossible	258
6.2.2	The illusion of causality.....	259
6.2.3	The error traps at Level 1: Aesthetic theory, please take over.....	260
6.2.4	The shadows of statistics: trust none except those you have falsified yourself.....	261
6.2.5	The shadows of expert opinions: Trust none, except this one.....	262
6.2.6	The shadows of formal models: Trust no model that a monkey could have painted.....	263
6.2.7	First aid at Level 1	264
6.3	Fallacies and causal illusions and their derivatives at Level 2	265
6.3.1	The main hallmark of all thinking errors at level 2: pseudorationalism or irrationalism.....	266
6.3.2	Second characteristic: mysticism	268
6.3.3	Third characteristic: contradictions within themselves	269
6.3.4	Fourth characteristic: one-sidedness	270
6.3.5	First aid at Level 2	271
6.4	The shortlist of fallacies at Level 3.....	273
6.4.1	Level 3 as a maker of consciousness	274
6.4.2	The illusory security of logic	275
6.4.3	On the sense or nonsense of a third dimension for the economy... 277	
6.4.4	Special warning notices for operating Level 3.....	281
6.4.5	The only thinkable proposal against errors of thinking on the unthinkable Level 3.....	283
6.5	Summary of THE ART OF ANTILOGICAL THINKING	284

The Art of Leadership, or: On the Arithmetic of Leadership 287

7.1	Introduction	288
7.1.1	The Logo: Saying it all with just one image	289
7.1.2	Managers in the stable: horse-assisted personality training	290

7.2	Basic features of the training	292
7.2.1	Of humans and horses	293
7.2.2	The Leadership Question	294
