## **Details**

This book interprets China's development and the opportunities it can leverage in the context of unprecedented change and the COVID-19 pandemic. It aims to provide case studies and insights for researchers and offer authoritative information for those interested in China's development. In this book, 20 distinguished experts and researchers contribute their wisdom around five topics: science and technology innovation, ecological environment, the global and Chinese economies, high-tech industry development, and international and Chinese media research.
