Preface This publication is the seventh volume of the series of papers published within the SEE | EU Cluster of Excellence in European and International Law. The series is a compilation of articles from authors of different partner law faculties in Southeastern Europe. The Europa-Institut of Saarland University is the leading partner of the SEE | EU Cluster of Excellence in European and International Law, together with the law faculties of the Universities of Belgrade (Serbia), Sarajevo (Bosnia and Herzegovina), Skopje (North Macedonia), Tirana (Albania) and Zagreb (Croatia), and the South-East European Law School Network. The project is supported and sponsored by the German Academic Exchange Service (DAAD) and the German Federal Ministry of Education and Research and aims to promote outstanding capabilities in research and teaching in European and International Law. The SEE | EU Cluster of Excellence in European and International Law sets to improve not only the cooperation between Germany and the Southeastern European countries but also the cross-border regional and local cooperation in the areas of teaching and research as well as in the development of common structures and strategies. The Cluster of Excellence seeks to explore new avenues in the transfer of knowledge, as we firmly believe that sharing expertise and experiences will strengthen the profile of each partner, as well as the network as a whole. To this end, the Cluster implements various measures and activities aspiring to achieve the set goals: eLearning modules, a model curriculum, a graduate school, several research projects, summer schools, library cooperation, and various publications. This collection of papers is intended to serve as a forum for academic staff and young academics of the partner faculties in the SEE | EU Cluster of Excellence to publish their research results on relevant questions in European and International Law. In addition to the traditional areas of law, specific areas of interest include the integration of SEE countries in the European Union, issues of legal reform and implementation of the *acquis*, best practices in legal reform, and approximation of legislation in the region of Southeastern Europe and the EU. The series is published every year and is peer-reviewed by the Editorial Board. The SEE | EU Cluster of Excellence in Alle Preise inkl. MwSt. zzgl. Versand.
