### Details

This book describes and analyzes the new problems and challenges faced by China's non-governmental enterprises. In the post-WTO era, which has been particularly affected by the international financial crisis, there will be many problems and challenges that need to be faced in the development of non-governmental enterprises. In order to achieve sustainable economic and social development it is especially important to promote non-governmental enterprises. The book demonstrates the necessity and urgency of China's non-governmental enterprises' organizational innovation, technological innovation, management innovation and promotion of international development. Finally it proposes strategic choices and suggestions to achieve greater development of China's non-governmental enterprises.
